The Electoral Rolls of the Planting Constituency have all been published & even the Corrections & additions to the same have been published in the Gazette. The lists should have been prepared by the Amildar & sent to this office for publication at least before 10th January 1924. He could have otherwise sent them ~~as minutes in the Electoral~~ for publication with the Supplement along with the lists of Corrections & additions before 31st January 1924. Since it is too late to do anything, it is a point for orders, whether the lists forwarded by the Amildar be published or returned to him. - Mere strong - I think it is the same Amildar whose explanation has been called for in another file - eg
